RAILEAN Rum Distillery Announces New Distribution: Republic National Distributing Company

TEXAS, January 1, 2010 - RAILEAN Distillers, LLC has announced they will be partnering with Republic National Distributing Company (RNDC) as of February 1, 2010. RAILEAN Rum has been distributed in the state of Texas by Global Quality Imports since the release of their first rum products in December of 2007. Kelly Railean (owner & rum maker) worked for RNDC for over 10 years in the On-Premise Wine Sales Division before starting her rum company. “I am very excited to be working with RNDC again” said Kelly, “I spent a lot of years with that company and I really enjoyed working for RNDC, it feels a little bit like I am coming home!”

The decision to move the RAILEAN Rum brand from Global Quality Imports to RNDC came about based on the need for a larger distribution model. “Global did a great job, I really liked and respected both the owners and the sales people, but it was time for us to move on to a larger distributing company”, commented Kelly Railean. Republic National Distributing Company will begin to take delivery of RAILEAN Rum products later this month and should begin shipping RAILEAN Rum by the first of February.
